

Clinical Realities of MMJ for Cancer in the USA

Table of Contents

CHAPTER	PAGE
Introduction	4
Objectives	5
Cancer in the USA: A Background	6
Respondent Characteristics	7
Oncologists	8
Patients	13
Use of MMJ for the Treatment of Cancer	22
Familiarity with & Perceptions of MMJ	36
Cannabis Pharmacology	36
Cannabis Regulations	39
Medical Industry's Stance on MMJ: ONCs	41
Cannabis Clinical Claims: ONCs	42
Cannabis Logistics: Patients	43
Perceptual & Priority Differences Among ONCs	44
Perceptual & Priority Differences Among Patients	47
Confidence Among ONCs to Discuss Cannabis with Pts	49
Source of Information about MMJ	50
Patient Experience with MMJ	52
Logistics and Social Attitudes toward MMJ	64
Appendix	69
Figure & Table List	71

Abbreviations:

HEM: Hematologist

HEM-ONC: Hematologic
Oncologist

MJ: Marijuana

MMJ: Medical Marijuana

rMJ: Recreational Marijuana

NSAIDs: Non-steroidal Anti-
inflammatory Drugs

OTC: Over-the-counter

ONC: Oncologist

Rx: Prescription

Figure & Table List

Estimated New Cancer Cases in the USA in 2018	6
Estimated Cancer Deaths in the USA in 2018	6
Location & Volume of Cancer Patients in Study	7
Frequency of Cancer Among Patients According to ONCs	8
Anti-malignancy Treatments Prescribed to Treat Cancer According to ONCs	9
Supportive Treatments Prescribed to Treat Cancer According to ONCs	10
Treats Prescribed to Treat Pain According to ONCs	11
Patients' Use and Frequency of Opioids	12
Age of Cancer Patients Taking Survey	13
Occupations of Cancer Patients Taking Survey	13
Health Insurance Status Among Cancer Patients	14
Types of Malignancies Among Cancer Patients	15
Stages of Cancer Patients' Malignancy	15
Perceived Cause of Cancer Patients' Pain	16
Treatments Prescribed to Treat Pain According to Cancer Patients	17
Cancer Patients' Use and Frequency of Opioids	18
Comorbidities Among Cancer Patients	20
Percent of Oncologists who are Prescribers of Medical Cannabis	21
Future Willingness to Rx Medical Cannabis	21
Number of Cancer Patients Taking MJ Over Past 3 Months	22
Number of Cancer Patients Using MMJ Without Prior Consent from the Oncologist	23
What Oncologists Patients Who Use MMJ Without Consent are Told	23
Reasons Cancer Patients are Using MMJ	24
Oncologists' Patient Volumes	25
What Patients are Told if Enquiring about MMJ	25
Source of Oncologists' Patients MMJ Cards	26
Use of Cannabis Among Cancer Patients	27
Frequency in Which Cancer Patients Use Medical Cannabis	27
Did MMJ-using Cancer Patients Discuss MMJ With Oncologist Prior to Use?	28
What Patients are Told	28
Reasons Cancer Patients Did NOT Tell Their Oncologist Prior to Using MMJ	29
Reasons Why Cancer Patients are NOT Using MMJ	30
With How Many MDs have Cancer Patients Discussed MMJ	31
Attitudes of MDs with whom Cancer Patients Have Discussed MMJ	32
Have MMJ-using Cancer Patients Discussed MMJ Experience with Physicians?	33
What Patients are Told	33

Factors Impacting Oncologists' Recommendations for MMJ	34
Factors Impacting Cancer Patients' Use of MMJ	35
Oncologists' Familiarity with Cannabis Pharmacology	37
Cancer Patients' Familiarity with Cannabis Pharmacology	37
Oncologists' Familiarity with Cannabis Regulations	40
Cancer Patients' Familiarity with Cannabis Regulations	40
Oncologists' Familiarity with Medical Industry's Stance on MMJ	41
Oncologist' Familiarity with Cannabis Clinical Claims	42
Cancer Patients' Familiarity with Cannabis Logistics	43
How Confident Oncologists are about Providing MMJ Recommendations	49
Oncologists' Source of Information about MMJ	50
Resources Cancer Patients Turn to when Seeking Information about MMJ	51
Percent of Cancer Patients Reporting Specific Outcomes to Oncologists	52
Cancer Patients' Agreement with MMJ Experiences	53
To What do Oncologists Attribute Claimed Benefits by Cancer Patients?	54
Oncologists' Familiarity with Different Types of MMJ	55
Cancer Patient Use of Different Types of MMJ	56
Number of Strains Used Per Week	56
Oncologists' Perception of Form of MMJ Used by Cancer Patients	57
Ingestion of MMJ by Cancer Patients	58
Number of Ingestion Forms Used Per Week	58
Do Vape Pen Manufacturers Design to Accommodate MMJ Patients? (ONCs)	59
Where Did Cancer Patients Obtain Their Vaporizer/Battery	59
Do Vape Pen Manufacturers Design to Accommodate Cancer Patients? (Patients)	59
Percent of Cancer Patients reporting Specific Feedback to Oncologists	61
Cancer Patients' Agreement with Logistics Regarding the Use of MMJ	62
Monthly MMJ Expenditure for Cancer Patients	63
Number of MMJ Types Tried Before Finding Best Option	63
Number of Weeks Before Finding the Best Option	63
Oncologist' Feedback for How to Best Educate Them	64
Oncologists' Agreement with Social Attitudes Towards MMJ	65
Cancer Patients' Agreement with Social Attitudes Towards MMJ	66
Oncologists' Agreement with the Impact of Recreational MJ on MMJ	67
Cancer Patients' Agreement with the Impact of Recreational MJ on MMJ	68
ONC Demographics	69
Cancer Patient Demographics	70
